Keystone Module USB 5 Gbps type-A female 250° to type-A male with 1.5 m cable black

Description

This module by Delock can be used to extend e.g. a USB cable. With its standardised dimensions it can be used for easy snap-in mounting in e.g. a Keystone patch panel, face plate or surface-mount box. The short, angled cable has a small mounting depth and allows a space-saving installation in hard to reach places in equipment or in cable ducts.

Item no. 86011

EAN: 4043619860111

Country of origin: China

Package: Zip poly bag
