

BETA 7800I

Inner work knee pads pair

Certifications and Standards

EN 14404-3:2024
Tipo 2, Livello 1

Features

Lightweight and flexible knee pads with EN 14404-3:2024 certified protection, ideal for work knees with comfort and freedom of movement.

CERTIFIED PROTECTION

The knee pads, which comply with EN 14404-3:2024 (Type 2, Level 1), provide effective protection against impact and debris when working on your knees for extended periods of time.

LIGHTNESS AND COMFORT

Made of light and flexible EVA material, the knee pads adapt to the shape of the knee and ensure comfort even after many hours of continuous use.

FREEDOM OF MOVEMENT

The ergonomic design allows maximum freedom of movement without bulk, ideal for those who frequently alternate between standing and kneeling during the working day.

PRACTICAL TO USE

The knee pads can be used inside the trouser pocket: they can be easily inserted and removed.

FLEXIBILITY

Flexible and lightweight, it fits perfectly around the knee for maximum comfort in every position.
