

Model: **AK-SC-E06**

Product code	AK-SC-E06
Responsible Entity	Akyga Europe Sp. z o.o., 52-200 Suchy Dwór, Wrocławska 1c, Polska/Poland, contact@akyga.com
Supply voltage	230 V
Maximum current	16 A
Cable length	50 cm
The cable plug #1	CEE 5pin
The cable plug #2	CEE 7/7
Wire gauge	3 x 2.5 mm ²
Product color	Black
Color insets	Red
Package	EcoBox
Product size (L x W x H)	570 x 72 x 72 mm
Package size (L x W x H)	250 x 150 x 80 mm
Net weight	456 g
Gross weight	487 g
CE compatibility	Yes
RoHS compatibility	Yes
REACH compatibility	Yes
EAN code	5901720137173
Warranty	24 months

Description

Akyga® AK-SC-E06 is an adapter for **EVSE portable charging stations**. It can be applied when you use **CEE 5-pin power socket** on a daily basis and occasionally need to charge your car from **standard two-pole socket**. Thanks to it you will easily convert the **CEE 5-pin 400 V** connector to a **CEE 7/7 230 V/16 A** connector without the need to buy another charger for your electric car.

Before connecting the charger to the adapter, change the current setting to max. 16 A. If this value is exceeded, the electrical installation may be permanently damaged.
