

BETA C5M

Technical fabric tool rucksack

Features

The Beta backpack offers comfort, organisation and durability in every work situation.

MAXIMUM DURABILITY

Made of durable polyester withstands wear and tear and demanding working conditions.

PROTECTION FROM EXTERNAL AGENTS

The reinforced waterproof base protects the backpack from wet surfaces and moisture, preserving its contents.

QUICK AND FUNCTIONAL ACCESS

Zippered pockets and external elastic straps allow immediate access to the most frequently used tools, without opening the backpack.

GUARANTEED COMFORT

Adjustable padded shoulder straps and ergonomic backrest provide comfort even during long journeys or busy days.

EASY TO CARRY

The padded top handle provides a secure and balanced grip, useful for quick lifts or short trips.

TOOLS ALWAYS IN ORDER

With numerous pockets and elastic tool bands, every tool has its place, reducing search times and increasing productivity.
