

## BETA 7820SG

### Stretch work trousers, multipocket style, lightweight

### Certifications and Standards

CE EN ISO 13688:2013

## Features

The 7820SG work trousers offer optimal strength and lightness, providing freedom of movement without compromising strength.

### MECHANICAL STRETCH

The special feature of this fabric is its inherent mechanical stretch, which guarantees excellent freedom of movement without the use of additional elastic fibres. Every gesture becomes more natural and fluid, reducing fatigue and improving comfort.

### RIPSTOP TECHNOLOGY

The use of ripstop technology makes the fabric extremely tear-resistant and guarantees durability and optimum performance over time

### FREEDOM OF MOVEMENT

Made of lightweight, breathable fabric, these trousers offer greater freedom of movement.

### FUNCTIONAL DESIGN

The functional positioning of the pockets is designed to always have everything to hand and make work easier.

### STRETCH WAISTBAND

Stretch waistband allows more freedom of movement, essential for work activities requiring bending or stooping

## Certifications and Standards

**CE** EN ISO 13688:2013
