

**PD 20W Adapter**

Model	PD 20W Adapter
Input	100 – 240V 50/60Hz 0.5A
Output	5V 3A 9V 2.22A 12V 1.67A Max 20W
Size(mm)	L59 x W39 x H27 (US Standard)
Net Weight(g)	52 (US Standard)

## Compatible with USB-C Port Chargers

It can be paired with XTAR charger VX4, PB2SL, PB2S, VC4SL, VC8, SC1 PLUS, SC2, L8, BC8, and LC8 to achieve fast charging.

## Blazing Fast Charging

Supports PD fast charging with up to 20W output, compatible with the fast-charging protocols of most chargers and phones.

Applies to 100 – 240V wide-range input, widely applicable for many countries and regions.

# Smart and Safe Charging

Equipped with an intelligent chip that auto-detects the external device and adjusts the current for optimal charging.

**Over-Voltage Protection**

**Over-Current Protection**

**Short-Circuit Protection**

**Over-Temperature Protection**

**Over-Load Protection**

**Electrostatic Prevention**
