

Laptop Security Cable with Key Lock for standard Kensington slot - short locking head

Description

This laptop security lock by Navilock enables to lock different devices e.g. laptop, projector, monitor etc. at any place. The **steel cable** with its **1.5 m and key lock** can be tied easily around objects like chairs, table-leg or anything similar and thus the device will be saved against theft.

Kensington slot compatible

This laptop security lock is **compatible** with the so-called **Kensington slot**. The Kensington slot is the 3 x 7 mm opening on the housing. On many devices this opening is marked with a lock symbol.

Because of the **small design of the lock**, this security cable is ideal for slim netbooks.

Carbon steel

This carbon steel cable is characterised by particularly high cut and theft protection and, at just 68 grams and a length of 1.5 m it offers optimum mobility.

Item no. 20974

EAN: 4043619209743

Country of origin: Taiwan,
Republic of China

Package: Retail Box
