

BETA 851E/SR

Evox quick release bit holder with handle

Features

Compact and intuitive, designed to improve efficiency in every screwdriving operation.

QUICK AND SAFE CHANGE

The quick-release mechanism allows bits to be inserted or removed easily, even with one hand.

EVOX HANDLE

Equipped with a bi-material handle coated with a layer of high-quality thermoplastic rubber, offering an ergonomic, secure and non-slip grip. This design reduces fatigue during prolonged use, allowing you to work more efficiently without sacrificing comfort. Even on the heaviest jobs, this handles ensure a comfortable experience, preventing

ANTI-ROTATION

The octagonal cross-section prevents annoying rolling on the work surface.

PRECISE ENGAGEMENT

The internal geometry of the bit holder guarantees an optimal fit of the 1/4" bits, avoiding play when screwing.
