Euro Plug Extension CEE7/16 male to female, 2 x 0.75 mm², 2 m, black

Description

This Euro plug extension cord by Delock is designed to reliably extend existing power connections for devices with Euro plugs (CEE 7/16). It is ideal for a wide range of applications in the home, office, or home office, and provides greater flexibility when positioning electrical devices.

Item no. 81627

EAN: 4043619816279

Country of origin: China

Package: Zip poly bag

Safe power supply with built-in child safety feature

The Euro plug is equipped with a built-in child safety feature. The special touch protection makes it difficult for foreign objects to enter the plug contacts, thereby increasing safety, especially in households with children.

Versatile and suitable for a wide range of electrical devices

The extension cord is suitable for Class II appliances with Euro plugs, such as lamps, radios, televisions, monitors, chargers, audio devices, and many other small electrical appliances. The extra cable length allows for a convenient and flexible power supply, even when outlets are farther away.

Highlights

- Euro plug (CEE 7/16) to Euro connector
- For extending power connections for Class II appliances
- Euro connector with integrated child safety lock
- Reliable and safe power transmission
- Robust and durable construction
- Flexible cable for easy installation
- Ideal for household, office, home office, and multimedia applications

Please Note

- **Caution Fire hazard!** Only use the cable for devices that do not exceed the specified load or power. **Maximum 2.5 A – 575 W**
- Cable is not suitable for outdoor use.
